Research interests

- Graph Mining
- Unsupervised learning
- Prompt Learning
- Few shot learning
- Heterogeneous Graph

Education

2019 - Present **Ph.D. student**

School of Computer Science and Technology, University of Science and Technology of China

Hefei – China

2015 - 2019 **Bachelor**

School of the Gifted Young, University of Science and Technology of China

Hefei – China

Experience

July. 2022 - Present **Visiting Research Student**

School of Computing and Information System, Singapore Management University

Conduct research into questions that surround prompt learning on graph with assistant professor Fang Yuan's team.

Jan. 2020 - June. 2022 **Collaborator**

School of Computer Science and Technology, University of Science and Technology of China

Accept the joint training of assistant professor Fang Yuan from Singapore Management University, engage in research related to graph learning. Conduct research into questions that surround subgraph isomorphism counting together with assistant professor Fang Yuan's team.

July. 2018 **Undergraduate**

Imperial College London

Participate in the exchange program of Imperial College London. As the team leader, take charge of team coordination and face recognition related development. Lead the team to program an automatic camera robot and win *Best of All Project* awards.

Publications

Zemin Liu†, Xingtong Yu†, Yuan Fang, Xinming Zhang. **(2023)** GraphPrompt: Unifying Pre-Training and Downstream Tasks for Graph Neural Networks. *WWW2023*.

Xingtong Yu†, Zemin Liu†, Yuan Fang, Xinming Zhang. **(2023)** Learning to Count Isomorphisms with Graph Neural Networks. *AAAI23*.

† denotes co-first authors with equal contribution.

Awards

Student Scholarship of AAAI-23, 2023.

Best of All Projects in the exchange program at Imperial College London, 2018.
